

BULGARS ACCEPT TERMS, ARMISTICE SIGNED; MANY BREAKS IN GERMAN LINE IN WEST; PRESIDENT DEMANDS VOTES FOR WOMEN

Commander-in-Chief of Allied Forces and Representatives of Ferdinand's Government Have Arranged Truce in Which Bulgaria Bows to Will of Allies Involving Evacuation of Invaded Territory.

By Agency Radio to International News Service.
Salonica, Sept. 30.—An armistice has been signed on the Balkan battle front, it was officially announced today.

Representatives of the Bulgarian government and the Bulgarian army signed in behalf of Bulgaria, while General d'Esperey, French commander-in-chief of the Allied forces in Macedonia, signed for the Allies.

Bulgaria accepted all the terms demanded by the Allies.
(The chief of these terms was all invaded territory be given up.)

Bulgaria is the first nation to break from the German alliance. By the collapse of this country the way is opened to put Turkey out of the fighting very quickly for another term of the armistice was that Bulgaria do nothing to interfere with further Allied military operations in the Balkans.

With the Bulgarian army out of the way the Allies can now strike at the heart of Austria as well as at Constantinople.

It is believed that the armistice will be followed by a treaty of peace as the Bulgarian delegates that arrived at Salonika on Saturday were empowered to discuss probable peace arrangements.

The Bulgarian delegation was composed of General Lomkoff, commander of the Second Bulgarian army; M. Liapchoff, the Bulgarian minister of finance, and M. Radoff, a former member of the Bulgarian cabinet.

LIBERTY BOND BUYERS PROTECTED

Half a million copies of a pamphlet entitled, "Stick to Your Trench," are to be issued by the Liberty Loan Committee of the Second Federal Reserve District. This booklet contains a list of institutions in this district that have agreed to accept Liberty Bonds in small denominations for safe-keeping.

During the second and third loan campaigns, a number of trust companies and banks offered to care for Liberty Bonds of small denominations. Important progress has been made in the last few weeks in the government's campaign to protect the small investor from loss. Sixty-nine savings banks in the state have been added to the list. Among them are the Ulster County Savings Bank, Kingston Savings Bank, Rondout Savings Bank, and the New Paltz Savings Bank of New Paltz.

HARRY KILLIAN KILLED IN ACTION

Sunday evening Frank Killian of No. 154 Spring street, received word from the war department that his son, Harry, had been killed in action somewhere in France on August 10. The young man in civil life was employed in the booting business and left Kingston for Camp Dix where he was stationed before being sent across. A brother, Joseph, is in the army.

DR. F. A. JOHNSTON IS NOW A MAJOR

Dr. Frank A. Johnston, health officer of Kingston, has been promoted from captain to major. He is stationed at Austin, Texas. Dr. Johnston enlisted some time ago and was given the rank of lieutenant. Later he was promoted to captain and is now Major Johnston. His many friends will be glad to hear of his promotion. Major Johnston has been granted an indefinite leave of absence by the health board, and as stated before, during his absence the local physicians have volunteered their services, and one is appointed to serve as acting health officer every two months. Dr. A. C. Gates is now acting health officer.

OCTOBER MILK PRICE FIXED

Dairymen's League Decides That in View of Advance of Feed Milk Must Advance Too—Retailers to Follow Suit.

Saturday afternoon the Dairymen's League held a meeting at the court house which was largely attended. It was decided to advance the wholesale price of milk from 7 cents a quart, the September price, to 8 1/2 cents a quart for October. This evening the Retail Milk Dealers' Association, of which John E. Kraft is president and John D. Beatty is secretary, will hold a meeting to discuss the question of the cause by the wholesalers of the price of milk. Retail dealers who peddle milk in this city having been getting 13 cents a quart and 7 cents a pint, which makes 14 cents the quart or seven cents more than they paid for it wholesale. The dairymen claim that at the present time with feed at from \$48 to \$53 a ton, and hay some here, the New York price per ton being \$40, that it is necessary to get 8 1/2 cents a quart wholesale to make a small profit. Quite a number of dairymen hereabouts, owing to the high cost of feed, have gone out of business, selling their cows, while others contemplate doing likewise.

King-Son High Defeated.
The football team of Kingston High School opened the season at Cornwall on Saturday afternoon and won a victory by a score of 18 to 0. The next game is Saturday afternoon at the Athletic Field when Middletown plays here.

In Line With His Declaration That Suffrage for Women Is a Real War Measure, President Wilson Addresses Senators In Behalf of Anthony Amendment.

Washington, Sept. 30.—Speaking as commander-in-chief of the army and navy President Wilson today demanded that the senate pass the suffrage amendment as "a war measure." This action is vital, he said, because of the effect that it will have upon the peoples of the world who expect this country to lead the way in all democratic measures.

Senate Chamber, Washington, Sept. 30.—President Wilson came before the senate this afternoon demanding that it approve the Susan B. Anthony amendment, submitting to the states the question of suffrage for women. The president came, following the admission by the suffrage leaders that the amendment was beaten. He refused to accept their decision. Previously he had stated that suffrage was a real war measure. And he determined it was explained, that no senator should fail to understand that he, as leader of the people of the nation, believed this legislation should prevail regardless of individual views.

Making his position decidedly stronger, President Wilson, before coming to the Capitol proceeded to the senate office building where he drew the first number of the "Victory" draft that makes eligible for military service America's reserve army of more than thirteen million men.

There was little excitement in the senate chamber. The galleries, of course, were filled. Most of the senators were in their seats long before the president reached the chamber. Included in the number was Senator Robert M. LaFollette, of Wisconsin, who was making his first appearance on the floor since January 28 last.

15,000 SAW ESOPUS SLIDE GRACEFULLY DOWN THE WAYS

Amid Cheers of Multitude and Screech of Whistles and Sirens Kingston's First Ocean Cargo Carrier Took To Water Without Mishap—Miss Schoonmaker Sponsor.

The Esopus, Kingston's first contribution to Pershing's bridge of ships was successfully launched this morning from the Island Dock shipyard of the Kingston Shipbuilding Corporation, and as she slid from the ways into the waters of the Rondout creek she was greeted with a salvo of whistles from the boats in the harbor and the industrial plants along the shore, and hearty cheers from thousands of throats. Miss Dorothy W. Schoonmaker, daughter of John D. Schoonmaker of the Kingston Shipbuilding Corporation, was sponsor, and as the Esopus began to glide down the ways Miss Schoonmaker breaking a bottle of champagne said "I christen thee Esopus." Fully 15,000 people witnessed the big ship take the water.

It Was A Big Occasion.
The launching of the Esopus has been delayed for various reasons, for which the builders were not responsible, and the big ship would have taken the water a week or so ago if the material needed had arrived in time. With the arrival of the material it was possible to finally fix today as the date for the launching and thousands of invitations were sent out by the corporation as well as a general invitation to the public.

Crowd Gathered Early.
The crowd began to gather early in the morning, and the ferry scow that runs from the Cornell dock to the Island dock was crowded. It was estimated that there were at least 2,000 people on the shipyard itself while the banks across the creek and the houses along Abell street afforded a view point for other thousands.

Even on top of West Chestnut street hill beyond Old Ulster Academy the green slopes of the hill were black with people who were afforded an excellent, if distant view of the launching.

Band Played Popular Music.
The Colonial City Band rendered an exceptionally fine program of war songs, and the music was enjoyed by all. While the launching was scheduled for 10 o'clock it was exactly ten minutes to 11 o'clock when the big ship started on its way to the water.

Launching Was Ideal.
Great precautions had been taken by the Kingston Shipbuilding Corporation to make the launching a success. The launching itself was under the supervision of H. T. Rigby, government inspector on the yard, and John Linnin, also an inspector, both men having had considerable experience in launching big ships.

The ways had been well greased and when the ship began to slide down the ways she gradually gathered speed, but was checked with the aid of big rope hawsers. She slid into the water with a resounding splash while huge sprays of water were thrown up in the air as the ship struck the water and floated majestically.

His Bridal Night.
The musical farce, "His Bridal Night," comes to the Kingston Opera House today, and tomorrow. It has been pronounced a brilliant package of fun, done up in ray colors. It concerns the love affairs of two young ladies, twin sisters, whom none can tell apart. The play is said to be even funnier than the well known "Twin Beds."

Painted War Color.
The Esopus is of wooden construction, 281 feet over all, 46 feet beam, 26 feet depth of hold, and will carry 3,500 tons of cargo. She is painted the usual gray war color, and as she slid into the water she rode high overtopping every other vessel in the harbor. A tug of the Cornell line was on hand to snub her around and she was towed around to one end of the Island Dock and tied up where she will be berthed until the interior work is completed.

Engines to be Installed.
The engines and boilers will be installed elsewhere, and when the Esopus finally leaves Rondout creek she will be ready to have them installed and will then be ready to make her maiden trip.

No Addresses.
There were no addresses delivered during the ceremonies and it was easily seen that that was a pleasing feature to the majority.

When the Esopus left the ways the crew who had built her lined the decks in charge of Ray Kilbourne, captain of the crew. There were no others on board.

A refreshment booth had been erected on the yard where one, if hungry, could obtain refreshments.

Keel Laid for Another.
This afternoon the keel of another big ship was laid, the frames of which had been sawed and were ready to be assembled and installed. Two other big ships are on the ways and are nearly completed.

Legal Advisory Board Ready To Aid With Questionnaires.
The Legal Advisory Board is in session every day at the board of supervisors' rooms, court house, for the purpose of rendering assistance with questionnaires, and will continue for the remainder of this week. The board will also be in session on Wednesday evening of this week at 7:30 o'clock.

Germans Make Desperate Counter Attacks Around Cambrai and St. Quentin Where English, Australians and Americans Gain Steadily—Mackensen at Sofia—Bulgarian Rout Continues—Big Battle Renewed in Champagne.

With the signing of the armistice between the Allied Commander-in-chief on the Balkan front and representatives of the Bulgarian government, the chief factor in today's war news is the seeming elimination of that country from the conflict, with a consequent disastrous effect upon the other Teutonic allies.

Von Mackensen, the German field marshal, commanding in Roumania, is reported to have arrived at Sofia, in an effort to bolster up the Teutonic prestige and retain Bulgaria's forces in the field. On the western front the Allies continue to make progress in several quarters, notably on the St. Quentin-Cambrai front, where, despite stiffened German resistance, they are fighting in Cambrai. A late report also says the Hindenburg line in that district has been totally smashed. The French have renewed the struggle in Champagne on a major scale.

PRESIDENT DREW FIRST DRAFT NO.

Lottery Fixing Order of Liability of 13 Million New Registrants Began In Senate Caucus Room—First No. 322.

By Telegraph to The Freeman.
Washington, Sept. 30.—The first number of the last draft lottery, 322, was drawn by President Wilson in the caucus room of the senate this afternoon.

The lottery will fix the order of liability to military service of 13,000,000 new registrants between the ages of 18 and 21 and 45 years. The president drew the first capsule from the historic glass bowl at 12:05 o'clock. It was estimated that 26 hours would be consumed in drawing the remainder of the 17,000 capsules.

The cloth with which the president was blindfolded and which later was placed over the eyes of the other notables that drew the first numbers, was taken from the covering of one of the chairs used at the signing of the Declaration of Independence.

The second number, drawn from the big glass bowl by Vice-President Marshall, was 7,277. Senator Samuel Hays, president pro tempore of the senate drew the third number, 6,708.

Speaker Clark drew the fourth, 1,927.

Secretary Daniels drew 16,152, followed by acting Secretary of War Crowell, with 8,356. Senator Chamberlain, chairman of the senate military affairs committee, drew 5,396, and Senator Warren drew 1,697.

Representative Dent, chairman of the house military affairs committee, drew 7,123, followed by Representative Kahn, of California, with 2,791. General F. C. March, chief of staff, drew 2,283, and Admiral Benson, 6,147.

Lieutenant General Young, retired, drew 10,686. Provost Marshal General Crowder, 434; Colonel Warren, aide to the provost marshal general, 809; Colonel Eashy-Smith, 12,264; Colonel Wigmore, 1,523. Other numbers were drawn in the following order:

7,512; 6,560; 2,748; 6,540; 3,608; 1,240; 16,884; 1,907; 12,121; 4,332; 5,940; 2,972; 12,728; 20; 6,857; 1,252; 14,122; 11,395; 2,122; 10,352; 3,223; 739; 16,657; 6,409; 8,948; 3,772; 7,024; 3,325; 8,691; 11,060; 8,424; 239; 16,574; 4,247; 12,829; 425; 72; 11,224; 8,822; 10,491; 14,022; 14,042; 164; 4,627; 2,897; 7,324; 4,722; 10,656; 4,292; 3,505; 288.

Bay Catskill Mills.
For the past two weeks the Union Mills at Catskill have been turning out these hand printed cards on government orders. Last week 24 cases, containing nearly 75 tons of sawdust and pretzels, were shipped.

London, Sept. 30 (1 p. m.)—Americans and British have smashed the whole Siegfried (Hindenburg) line south of Cambrai, advancing two miles over an eight-mile front, according to information received here this afternoon.

The line was broken where it curved from the north, above St. Quentin. London, Sept. 30 (1:05 p. m.)—Belgian and British troops in Belgium have advanced to a maximum of eight miles in their new drive. It was learned this afternoon.

The Allied forces advanced an average of five miles over a 25-mile front and are seriously threatening the whole system of German communications in Flanders.

Paris, Sept. 30.—Serbian cavalry has reached the Bulgarian frontier. It was officially announced today in a statement on Balkan operations. More than 350 guns have been taken from the Bulgars.

BREWER VICTIM OF AERO ACCIDENT

According to a telegram received on Saturday Lieutenant Kenneth Brewer of Tannersville was killed in an airplane accident at Charleston field, Arcady, Fla., Saturday. Lieutenant Brewer's machine took fire at an altitude of 10,000 feet. Lieutenant Brewer was 20 years old. He received his commission at San Antonio, Texas, and was subsequently appointed junior military aviator and was assigned to Lake Charles. A short time ago he was sent to Charleston field as an instructor. He leaves his mother, and a sister, Mrs. Edward Lackey, of Tannersville.

LINEN SHOWER

Of Ulster County Red Cross Begins Today.

The Ulster County Chapter of the Red Cross will, beginning today, hold a linen shower for the soldiers in France, in which every one in the county can have a part. The Ulster County Chapter has been asked, during the week, to furnish for use in France, bath towels, hand towels, handkerchiefs, napkins and sheets. The plan is to ask each family to contribute one or more of these articles of household linen from their own stock.

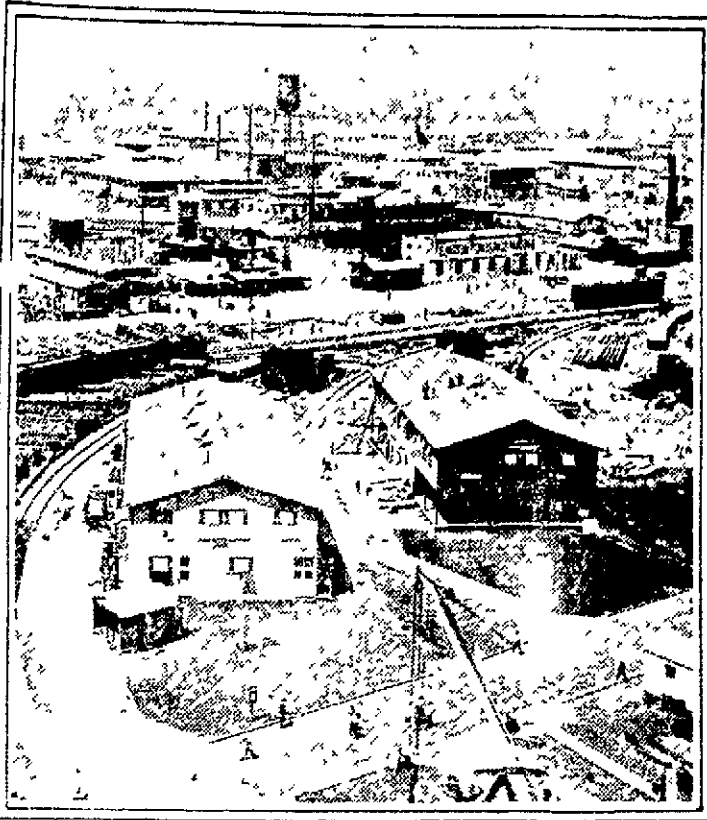

Every article should be new or substantially new, of strong rather than fine texture as only durable articles are wanted. The bath towels should be 19x30, the hand towels, 15x30; the napkins not less than 14x14. Sheets should be of heavy bleached or unbleached muslin, 64x102, finished; with preferably a 2-inch hem at the top and a 1-inch hem at the bottom. Sheets smaller than 62x99 will not be acceptable. If the sheets are of the right dimensions otherwise they will not be rejected if the hems do not conform exactly to the specifications.

All articles, whether new or old, should be freshly laundered and articles of one kind should be tied together in bundles of ten. Send all shipments of articles for the linen shower to the Ulster County Chapter of the American Red Cross, 576 Broadway, Kingston, N. Y., this week.

Many Chinese Dragons.

Probably the best known to western nations of the Chinese symbols and the design most frequently seen is the dragon, which is claimed to have first been seen by one of the early emperors issuing from a creek in Honan. It was later adopted as the national standard. There are several kinds of dragons—of the heavens, of the mountains and of the sea. The imperial dragon was represented as having five claws, as also was that of the first and second class princes. The next two classes of the royal family might display a four-clawed dragon, while the common people must be content with three claws.

OCT. 1 LAST DAY FOR LICENSES

Liquor dealers who fail to have their applications for liquor tax certificates on file with County Treasurer Schantz tomorrow with approved bond and necessary amount of money, will automatically go out of business. Indications today were that less than 50 per cent of the moneys received last year from Ulster county will be received this year.

The following will be the dry towns in Ulster county after October 1: Denning, Hardenbergh, Gardner, Hurley, Lloyd, Marlborough, New Paltz, Olive Plattekill, Rochester, Shawangunk, Ulster and Woodstock.

Fire at Milton

Sunday morning at 3 o'clock the hotel conducted by Harry Stickles on Main street, Milton, was destroyed by fire. Fire companies from Highland, Marlborough, Newburgh and Cornwall were rushed to Milton, and by quick work the fire was confined to the hotel. The loss is not known. The fire was of unknown origin, but it is thought it was set on fire. The building was owned by Mrs. Deborah DeGraff, whose husband, Charles DeGraff, conducted the hotel until his death several years ago.

SAUGERTIES.

Saugerties, Sept. 30—The Liberty Loan special train with two carloads of trophies from the battlefields of France arrived at Saugerties on Sunday afternoon and remained two hours. During which time it is estimated five thousand people passed through the train and saw the interesting exhibit of implements of war, among them being heavy field guns, trench mortars, bomb throwers, all taken from the Huns. Representatives of the United States army and navy and French and English troops all of whom bear scars of battle were in the party. Short patriotic addresses were made by speakers who accompanied the exhibit. Their efforts resulting in pledges for \$53,300 being secured. The local chairman of the drive, John A. Snyder, and other members of committees assisting: Washburn Bro. Band and the Boy Scouts Drum Corps furnished music for the parade with George B. Snyder, grand marshal, participated in by the Home Defense Reserve Corps, Red Cross Unit, Grand Army, Saugerties Exempts and citizens of Saugerties who marched from the High School to the West Shore station.

COTTON LISLE AND WOOL HOSE FOR WOMEN

Prices have advanced far beyond the normal. We have, however, been able to secure some excellent values and offer them in this great Fall Sale.

ABOUT SILK HOSE

The War Industries Board is now debating as to whether to list Silk Hosiery among the non-essentials. If it does so then there will be no silk hosiery manufactured for spring. This will mean that the ladies will have to wear lisle and cotton. If you're anxious to continue wearing silk as long as possible buy your silk hose now.

PORT EWEN.

Port Ewen, Sept. 30.—Thousands of people witnessed the war exhibit train of the Yankee trophies captured from the Germans Sunday afternoon at the West Shore station.

It surely was a wonderful historical sight to see the destroying implements used by the "deadly foe" against our U. S. Allied troops.

There never was such a demonstration shown anywhere in this place or vicinity as was shown by all classes of people Sunday, people coming from all the suburbs around to see what they never could see anywhere else, on facts pertaining to this great war, living men testifying to the life lived by them in the trenches and wounds received from shrapnel and otherwise, seriously wounded and above all as soon as they were temporarily relieved of their suffering of their eagerness and willingness to return and down the Hun. The relic or trophies that were on exhibition were, battered and showed they had been badly dealt with, and presented to us a picture most wonderful, one that can never be erased from our memories. The object of this exhibit was to bring to our minds the need of the Fourth Liberty Loan, which was plainly described by the gentlemen on the train. Several hundred pledges were given and many more will be given since seeing the greatest of all exhibits Sunday afternoon. It certainly stirred the hearts of all present to hear the description given by those who have already done active service in this war. It has been truly said that it was a most wonderful sight. Hundreds of autos lined up on both sides of Salem street and often blocked travel entirely. What ought to have been done was to have asked the help of the State Troopers to keep the roads clear and stopped the pushing and shoving by the immense crowd. It was a miracle some awful accident did not occur as the crowd was so compact that there was not hardly breathing space, but we are pleased to say that amid all that no one was hurt, but it was most remarkable. The train arrived and left at the time stated. Those coming late did not have the privilege of passing through the train.

Ray Dorie of Kingston visited his parents, Mr. and Mrs. Legrand Dorie, on Riverside avenue Sunday.

Rehearsals for the Rally Day program will be held Tuesday and Friday evenings of this week in the Methodist Chapel at 8 o'clock. All members of the school are urged to be present.

The Woman's Foreign Missionary Society of the Methodist Church will hold a business meeting at the home of the president, Mrs. E. A. D. Potter, on Broadway, Wednesday afternoon at 3 o'clock.

The regular monthly business meeting of the Ladies' Aid Society of the Methodist Church will be held Thursday afternoon, October 3 at 3 o'clock in the chapel.

Mr. and Mrs. Benja. Wells, who have been the guests of Mr. and Mrs. George Sherman in Brooklyn, have returned to their home on Broadway.

The regular monthly meeting of the official board of the Methodist Church will be held Wednesday evening at 8 o'clock at the Methodist parsonage.

No Playtime.

"I understand you have quit playing politics."

"Never did play it," replied Senator Sweeney. "With me, politics was always business and hard work."

Time Limited.

Bro—What did your wife say to you when you got home at four o'clock this morning?

Bro (sighing)—Say, old man, I've got some work to do today."

LOAN WORK IN CITY INDUSTRIES

Chairman Van Slyke Selects Teams to Canvass Factories—To Meet Wednesday at Chamber of Commerce.

Chairman William H. Van Slyke will gather teams of the Fourth Liberty Loan Industrial Committee promptly at 2 o'clock Wednesday and Thursday morning in their headquarters at the Chamber of Commerce, to visit Kingston factories for subscriptions to the loan.

It is planned to hold a brief meeting in each factory, after which, members of the teams will receive subscriptions. Since Kingston's quota has been increased to \$2,250,000 it is more than ever important that each factory make a 100% showing in the number of subscribers. The workers in Kingston factories have made a magnificent record in former Liberty Loans. This record will undoubtedly be surpassed in meeting the increased quota for the present campaign.

Chairman Van Slyke has appointed the following committees: Committee No. 1—F. R. Powley, captain; Thos. Comerford, R. B. Osterhoudt, Chas. Finch, Wm. Van Valkenburg, Wm. O'Reilly, Leo Herbert.

This committee will visit: American Cigar Co., Charchian Shirt Co., Herbert Brush Co., Mill St., Herbert Brush Co., Thomas St., Herbert Brush Co., Railroad avenue, Herbert Brush Co., Pine Grove avenue, Fitzpatrick & Draper.

Committee No. 2—Wm. C. DeWitt, captain; Frank Messinger, Frank B. Matthews, Chas. Warren, L. Grogan, Geo. Whitaker.

This committee will visit: Van Slyke & Horton, Jacobson Shirt Co., Millen Aikenhead Co., Manhattan Shirt Co., H. W. Pallen Sons, Hoysradt & Case, Kingston Cooperage.

Committee No. 3—T. A. Horton, captain; Harry Dodge, John B. Kearney, Everett Fowler, Abram Freeman, J. M. Horbert.

This committee will visit: Van Slyke & Horton, Fessenden Shirt Co., Columbia Shirt Co., A. R. King Mfg. Co., Wm. Lawton Co., James M. Ward & Son, Universal Road Mfg. Co.

Committee No. 4—R. E. Leighton, captain; Wm. C. Kingman, A. J. Burns, C. R. Stull, Sydney D. M. Hudson.

This committee will visit: American Cigar Co., Fuller Shirt Co., Powell Box Co., U. S. Lace Co., U. S. D. Shops, Cornell Shops.

The Chamber of Commerce is co-operating with Chairman Van Slyke in making arrangements for the canvass.

Rotten Row.

Possibly the well-known fashionable promenade in Hyde park, London, derived its curious name, Rotten Row, from the soft material with which the road was covered. It has been suggested that it is a characteristic British corruption of Ration Row, the Norman term for "roundabout way," that is, the way corpses were carried to avoid more public streets. There were such paths in those old days of plague and infection, and no doubt they were necessary. A commonly received explanation of the name is that of Camden—"Rotten" way, that is, "muster" way, because soldiers were mustered there. There is still in use the word "rot," a file of six soldiers.

How to Get Him In.

It was the youngster's first experience at Sunday school and he sat eagerly watching the superintendent illustrate the lesson on the board. The superintendent drew the path to heaven—one straight line—and started the figure of a man on it. Gradually the man became larger and larger, and finally, when he arrived at the gate of heaven, he could not get in. Whereupon the superintendent turned to his small audience and, in a tragic and sorrowful tone said: "You see, he is so puffed up with sin that he cannot enter." "Try him sideways, mister," called out the youngster.—Everybody's Magazine.

HOW AGE OF MOTHER AFFECTS A CHILD EXPLAINED BY PHYSICIAN.

—The influence of the mother's age on her children is dealt with by Dr. R. J. Ewart, in an article in Journal of Hygiene.

Doctor Ewart's investigations show that as the age of the mother increases the average length of life of her children decreases; the likelihood of the children having many children of their own decreases; the offspring are more likely to be boys than girls, and the intellectual grade of the offspring rises.

Doctor Ewart also points to the curious fact that as the mother grows older the chances of her children being other than blue eyed increases. Whereas all children are born blue eyed, the eyes of a certain proportion tend to become darker as they grow older. Of a large number examined 100 per cent were blue eyed at birth; 54 per cent at six years, 38 per cent at thirteen, 30 per cent at thirty-one to forty, and 26 per cent at forty-six to fifty-five.

In children of young mothers this tendency of the eyes to become darker with age is delayed.

HORRORS OF "JIGGER FLEA"

Why Pestiferous Insect Is More Dreaded Than Hun Hordes by the Soldiers in Africa.

In the capture of the kaiser possessions in East Africa General Smith's army faced pests worse than those provided by the Germans. This special pest is a small insect known as the "jigger flea."

They are black and crablike, says a writer in White World being a little more than the size of an ordinary pin's point. They "dig in" and take up their abode between the dermis and epidermis and immediately commence to breed. All one notices is a jumpy sort of feeling in the affected part, and later a slight inflammation is seen. This is the time to operate. We learned the correct method of operation from the natives and were invariably successful in removing the flea and its eggs without mishap. To effect this neatly one must split the skin in a cross with the inflamed spot as center, then lift the flaps like the back of an ungunned envelope, when the microbe with its thousands of eggs is open to view. It is then quite easy to remove both, but care must be taken that the bag in which the eggs are contained is not broken, for should there be any left they would speedily fructify and travel through the system. One fellow had over 100 extracted from his feet, while others had to have feet, toes and fingers amputated because of them.

Catching them is easy. Just bait your hook with some of the grains of corn out of the sack, or still better, use a little sweet anise oil on a piece of stale liver, the boys say. Then enjoy some of the liveliest fishing imaginable.

How Boys Caught Fish. Fishing has been reduced to a science by two boys living in the neighborhood of the North Kansas avenue bridge over Soldier creek, says a Topeka (Kan.) dispatch. This is how it is done, and the method is not patented.

Two little fellows take a "gunny sack," fill it half full of corn, then anchor it in a deep hole in the creek. In a few days fermentation sets in and all the catfish, croppie, crayfish and mud turtles in the stream begin clamoring for admittance to the sack. The pungent odor or taste of the decaying corn seems to work a charm upon the inhabitants of Soldier creek, and they immediately hold a convention.

Catching them is easy. Just bait your hook with some of the grains of corn out of the sack, or still better, use a little sweet anise oil on a piece of stale liver, the boys say. Then enjoy some of the liveliest fishing imaginable.

Why Happiness Is Elusive. We must remember one thing. It is not absolutely necessary to be happy. It is all very well to talk about happiness, but one of the strange contradictions of life is that we can never find happiness if we search for it. Happiness is elusive. It will escape us, if we seek to hold it. But if we go our way, if we refuse to lose our faith, no matter how weary or how disheartened, we will learn to find happiness in little things, in the reading of a book, in the singing of a song, in the making of a dress, in the doing of our work.

It is the last thing indeed that is the real cure for the disillusionment of life it comes to each of us. Work is the great panacea. If we work, and work well, we shall find much to compensate us. And if along the way we choose to pretend that dreams do sometimes come true, who can blame us?

How to Keep Cool. You can enjoy the summer despite the heat. The state department of health is authority for the following suggestions to that end: Eat plenty of fruits, vegetables and milk, but very little meat, eggs and other heavy foods. Drink much water, but not quantities of ice water or other cold beverages.

Bathe daily or twice a day—a cool sponge or shower bath in the morning and a tub bath at night.

Sleep eight hours a day, outdoors if possible and at least in moving air. Exercise every day, preferably in the early morning or late afternoon. Indulge in recreations that vary the daily grind.

Avoid direct exposure to the sun. Dress lightly. Avoid alcoholics. Don't overeat or overexert your strength. Don't worry about the heat.

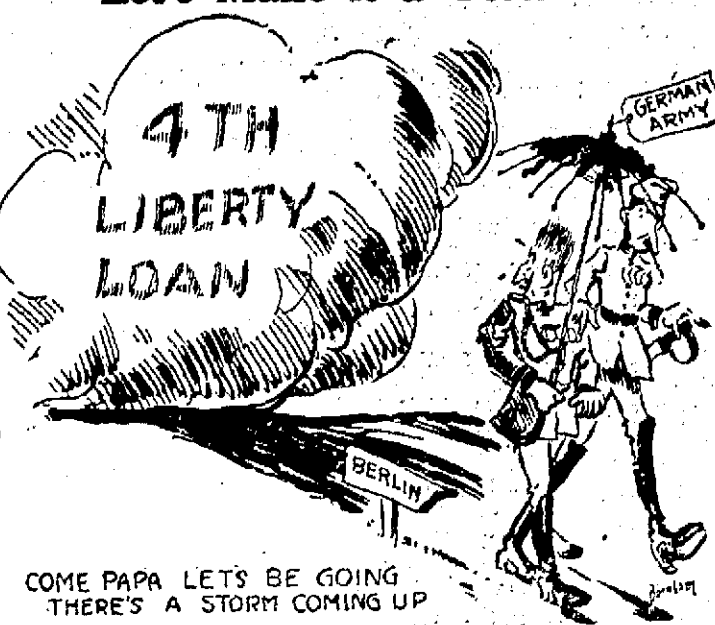

Forget Early Training. "How did Bill happen to be arrested?"

"Left his car in the street all night without complying with the official injunction."

"Didn't know the Bible made any ruling on the subject."

"Oh, yes. It says, 'Let your light shine.'"

Let's Make it a Tornado

LOOK AHEAD!

The man who is careless in money matters keeps no accounts. The fairly careful man keeps accounts, but these will be nothing more than a daily record of money spent and will help little towards the future.

The really careful man, however, thinks more about the future than he does about the past. He casts up what his expenses will be for the coming month or week or quarter. In a word, he makes a "budget," and by cutting down a little here and a little there he is able to provide funds for something out of the ordinary.

Draw up your budget NOW to carry through the 19th of October and see how much you can squeeze out for the Fourth LIBERTY LOAN. Then SAVE those dollars and you will help to save the world.

The Battle Cry of Freedom

Abraham Lincoln said: "Having thus chosen our course, without guile and with pure purpose, let us renew our trust in God and go forward without fear and with manly hearts."—First Message, July 4, 1861.

Not all of us are soldiers in uniform, but we can all aid in the general advance. Buy Liberty Bonds.

WHERE LIBERTY BOND FUNDS GO.

A Thousand Dollar Bond and a \$500 One Will Buy:
1 motor ambulance, complete.
1 outfit, or
1 15mm. (anti-tank) gun, or
20 automatic rifles, or
6 machine guns.

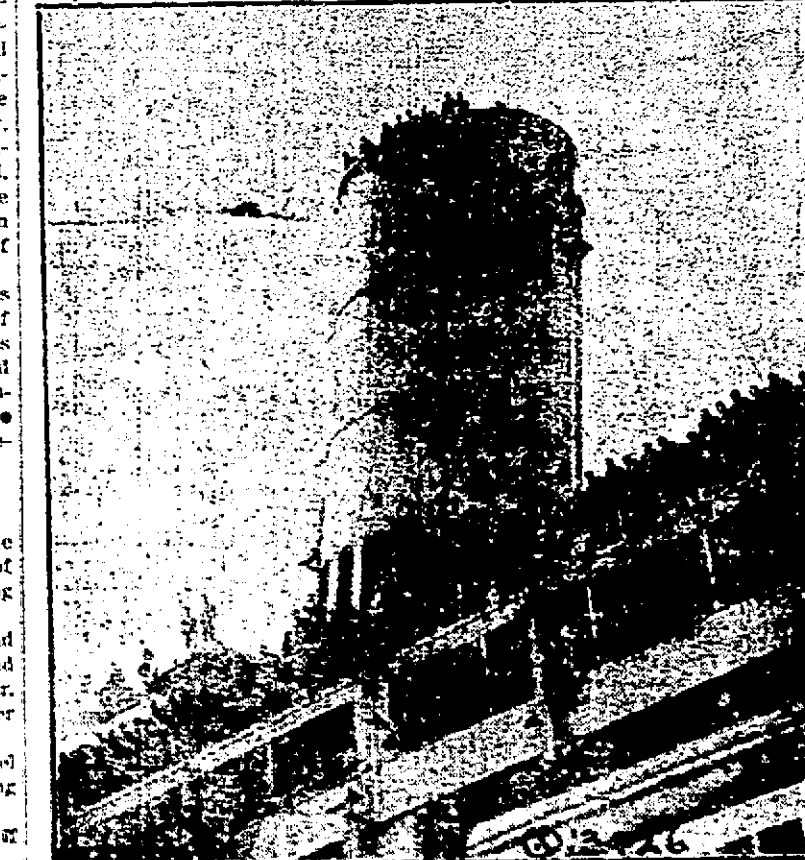

There's no accounting for the man who will insure his life, yet hesitate to insure his freedom by buying a Liberty Bond.

LET'S BOOM IT.

Let us make it good and plain. That we're ready once again, And to our utmost we will strive To boom the great Fourth Liberty drive.

OUR BOYS ON THE SEA

Copyright by Committee on Public Information.

The first step of these American soldier boys has been taken, and the great crossing is just beginning on the "Australia," which before the war was a German liner, and is now the largest in the world. Having Liberty Bonds not only helps to see that these boys reach the front line safely, but gives them the wherewithal to protect themselves and thus bring them back safely.

No Spot.

"That wealthy rich family are very pretensions. Have they a clean record?"

"They ought to have. The father was a steel cleaner and the mother was a washerwoman."

Not Disinterested.

"Why was it said that a woman's best friend is her dressmaker?"

"I don't know. Probably her dressmaker."

"Y" Becomes Biggest Vaudeville Booking Agency in the World

Supplies Free entertainment for Soldiers in Training Throughout the Country—Jugglers and Former Presidents, Fishops and Clog Dancers, Grand Opera Stars and Blackface Comedians. Are All Jumbled Together of Programs.

ANY booking agency able to route over its chain of theatres such "acts" as Miss Margaret Wilson, daughter of the President of the United States, John D. Rockefeller, Jr., Wm. H. Taft, Mme. Louise Homard and others on the entertainment of the National War Work Council of the Y. M. C. A. and Council all over the world it was the biggest booking agency on earth and handled the greatest "act" obtainable. Yet the Red Triangle has gone quietly and in the space of half a year it built up an organization that sent 1200 "acts" a month to the training camps, aviation fields, fortify yards, battlefields, etc. to entertain and instruct our soldiers, sailors and marines. In that the office personnel to handle the bookings has increased from 10 to fifteen, three of whom are dancers.

Dr. John Watson, Bishop Luther B. Wilson, S. S. McClure, Job Hedger, Rev. Charles A. Eaton, Jack Rose, E. M. Beck and many others. All departments of the Y. M. C. A. corresponding to the military departments of the country, are booking attractions for the camps in their districts, but the Eastern Department, being the centre of things theatrical as well as the seat of embarkation points, books by far the greater number of attractions. The camps here also serve as "gig towns" on which the "Y" can try out the "acts" that volunteer to go out to France. A vaudeville "turn" must first make good in this department before being sent abroad.

MUST AMUSE SOLDIERS. Clean, high class entertainment has recently come to be regarded as a necessity for the man with the colors. It keeps him amused and entertained in his leisure hours—that dangerous period between the hour of five in the afternoon and "taps"—and away from associations that might tend to undermine his morale or his physical strength. It also keeps his morale up to a high pitch and in this belief the French military has recently sent here by the French government, Augustus Thoms, dean of American dramatists, Nicholas Murray Butler, president of Columbia; John G. Hill, president of Princeton; Miss Jane Powell, famous American artist; Countess Turczanowicz, of National Quartette, the Orpheus Quart, John Maschell, Major Bonar, Philip Theodore S. Henderson, Ralph Steadman S. Wise, Dr. G. S. Slattery.

The monthly "turn-over" of this booking office is \$100 million. It also has 200 religious speakers, 125 entertainers and seventy-five lecturers. Richard H. Edwards, Secretary for Activities and Walter M. Berry, his Associate Secretary, are responsible for the building up of the booking office and its success. All of the talent volunteer their services and receive no pay. Many pay all of their expenses, others all but their railway fare. The Red Triangle, however, pays the living expenses of most of them.

GET LOCAL ATMOSPHERE. An entertainer booked on the camp circuit is expected to do more than just give his "act." The "Y" expects him to teach men in the camps who are gifted musically on histrionically some act which they can do later to entertain their fellow soldiers when the professional actor can't reach them. The entertainers are encouraged to live with the boys in the camps, become saturated with camp local atmosphere and learn just what the boys like most in the way of entertainment. The entertainers quickly become imbued with the feeling that it is a privilege to minister to the amusement of the boys wearing Uncle Sam's uniform. The "Y" spirit of service grips them.

The wishes and tastes of the men in camp are consulted. Every month the camp Secretary fills out a requisition blank such talent as his camp needs for that month. If the boys have liked a stage act or a lecture especially and want to hear it again, the secretary notes the request and the booking office does its best to comply with it. The camp Secretary has the right to reject any act booked for his camp.

RESULTS CHECKED UP. The office keeps a record of every act booked. The camp Secretary reports back to Mr. Richards on the quality of each act, lecture or sermon and whether the boys were satisfied with it or not. The "talent" also reports on the camp, the service being done there and on the audiences which hear their programs. The Secretary of Activities then picks out of the reports what the other person should know and sends it to him. It has been ascertained that lecturers and entertainers are eager to learn what they can do to please their hearers better and welcome suggestions from the camp secretaries.

An especially interesting feature of the work in booking entertainers, etc., for the warships that arrive at port. The Fleet Secretary gets from the Navy Department the date on which a warship will arrive and often before it anchors, entertainers are ready to board the vessel.

SPEAKING PROGRAM
FOR LIBERTY BONDS
IN THE SERVICE
OF OUR COUNTRY

Kingston Division of the Four Minute Men have received their instructions from Washington concerning the work they are to do in making the Fourth Liberty Loan drive in Kingston and Ulster county the success it should be. Wherever possible audiences are to be addressed in regards to the loan in addition to the speaking campaign in the various theaters in the city, which commence Wednesday evening.

The drive is for twice as large a sum as in the last or Third Liberty Loan and three times as much as in the second, and means that all Americans must co-operate and buy bonds generously.

Kingston's allotment will be in excess of \$2,000,000, and Ulster's quota over \$3,300,000.

Every man or woman of earning capacity will be expected to participate in this new loan.

The schedule for the theaters and covering the first week of the speaking tour, is as follows:
